FOR IMMEDIATE RELEASE

Birth of Cal Poly Foal to be Featured on Animal Planet's 'That's My Baby'

SAN LUIS OBISPO -- The birth of a foal at Cal Poly is scheduled to be featured on prime-time TV Tuesday (Sept. 23) as part of an episode of "That's My Baby" on Animal Planet.

A crew filmed animal science student Rachel Sachar and a university mare, Remedy Anne, last spring for a feature on equine reproduction. Remedy Anne gave birth in April to a chestnut colt that will, like his mother, be part of Cal Poly's animal science educational program.

The hour-long show is scheduled to air at 6 and 9 p.m. on Charter cable channel 47 -- and again at 1 a.m. Sept. 24 for night owls.
